About the School

At Torquay Coast PS the student will be at the centre and purpose of all that we do. Our teachers and support staff work will work hard to provide a teaching pedagogy reflective of 21st Century designs including **ICT rich environments** and **Personalised Learning** for all students. This innovative, rich and rigorous curriculum will be delivered in a positive, stimulating and challenging learning environment where every student experiences success and develops a love of life-long learning. Our students will be encouraged to explore their world through **inquiry learning** to become thinking, informed, resilient and self directed learners who are able to be the best they can be and contribute actively to their community.

The students' talents, efforts and achievements will be rewarded in an environment which fosters mutual respect, personal integrity and strong sense of self-worth.

Our Vision

Our vision is to be the leading provider of seamless high quality education programs from Foundation right through to Year 6. The student is at the centre and purpose of all that we will do. We will prepare students to pursue their chosen pathways, interests and aspirations. All teachers and support staff work to provide a teaching pedagogy reflective of 21st Century designs including ICT rich environments and Personalised Learning for all students. Teachers and students will work collaboratively in Professional Learning Communities, to create adaptive teaching options to cater for the individual needs of all students. All teachers will commit to having shared responsibility for all students. Torquay Coast PS will have a **commitment to zero tolerance of child abuse**. Our school's philosophy statement overviews an organisational culture of which a new high priority is ensuring that

everyone is well informed and practices shared efficacy in regarding child safety.

Our Mission

It is the mission of Torquay Coast Primary School to provide our students with a safe and supportive learning environment that motivates and challenges students, and that provides a comprehensive primary education for all students that empowers them to reach their full academic, social, and physical potential. Through community connectedness, students will develop a love of learning allowing them to become self-motivated, curious, resilient and tolerant citizens.

Our Pillars (Values)

Our 4 Pillars (core values) will underpin all dimensions of our teaching and learning environment, and be supported through the implementation of Positive Education. They are embraced and modelled by staff and students and promoted throughout the school community. They are:

RESPECT

We are respectful of ourselves, others and the environment.

STRENGTH OF CHARACTER

We are always striving to be the best versions of ourselves.

ACCEPTANCE

We have the skills and strategies to overcome challenging situations.

MINDFULNESS

We are aware of what is happening within and around us.

School-Wide approach to Positive Behaviours (SWatPB)

Torquay Coast is committed to a School Wide Positive approach to Behaviour. (see Flowchart) **Appendix 6**

This program aims to create a positive school climate, a culture of student competence and an open, responsive management system for all school community members. Introducing, modelling and reinforcing positive social behaviour is an important component of a student's educational experience. Teaching behavioural expectations and rewarding or recognising students for following them is a much more positive approach than waiting for misbehaviour to occur before responding. (Please refer to the TCPS SWPB Teaching Matrix) **Appendix 7**.

Procedures for dealing with concerning behaviours

All concerns will be taken seriously. All complaints will be treated confidentially.

School procedures for responding to a student who bullies or harasses others are set out below. (In reference to our School Wide approach to Positive Behaviour).

Level 1

If the bullying or harassment incident is minor or first time occurrence, teachers may elect to use one or more anti-bullying practices:

- stopping the bullying/re-statement of rules and consequences
- restorative questioning
- think time detention
- private conference
- shared control discussion

If the student does not take control over his/her behaviour, a COMPASS Chronicle entry should be completed and submitted to the student welfare coordinator or principal/assistant principal.

Level 2

If the bullying or harassment continues, or in instances of severe bullying or harassing, a referral should be made to the Student Welfare Coordinator.

Here, the Student Welfare Coordinator (or another who has responsibility for student welfare) may:

- meet with the student to develop a behaviour contract
- provide discussion/mentoring of different social and emotional learning competencies including structured learning activities
- conduct a restorative conference separately with the perpetrator and "target"

Level 3

For 'at risk' students (many risk factors, few protective factors) whose bullying or harassing behaviour is severe and for other non-at risk students whose bullying or harassing and other aggressive behaviour is resistant to change, an individual 'strength building' plan should be developed by the student welfare coordinator in consultation with student, parents/carers and teachers. Individual strength-building plans and associated interventions help connect the student to positive people, programs and actions in the community, school and home as well as develop the student's inner social and emotional strengths (skills, values).

Level 4

Students whose severe bullying or harassing behaviour resists school efforts and represents a significant threat to the safety and wellbeing should be referred to

outside agencies for evaluation. Student Welfare Coordinators will need to be familiar with those community agencies and organisations that can offer more intensive services to the student and student's family.

Note: The school may choose, if bullying or harassment persists or the initial incident is of such magnitude, that parents/carers will be contacted and consequences implemented consistent with the school's Student Engagement Policy. Furthermore, the principal may commence formal disciplinary action in line with Student Engagement and Inclusion Guidance 2014' (DET) at any stage in the process depending on contextual information relating to the severity of the bullying (including-cyberbullying) and harassment.

Engagement Strategies

To realise our vision, our school has in place a range of strategies to promote engagement, positive behaviour and respectful relationships for all students in the school. We recognise that some students, as a group or as individuals may need extra social, emotional or educational support to flourish at school, and so we will put in place strategies to identify these students and provide them with the support they need.

RIGHTS AND RESPONSIBILITIES Reciprocal: The Charter of Human Rights and Responsibilities Act (2006) outlines a vision of human rights for all Victorians. The charter affirms that all people are born free and equal in dignity and rights. While the charter demands equality for all, it also emphasises the value of difference. The charter requires public authorities, including government schools and their employees to act compatibly with human rights and to consider them when making decisions and delivering services. The four basic principles include freedom, respect, equality and dignity. **Agreed Responsibilities:** With rights come responsibilities. As such, all members of the school community including the School Council, Principals, teachers, students, parents/carers, Education Support Staff and community members have a responsibility to acknowledge the rights of others and to behave in such a way as to protect those rights for other people. All members of our school community have the right to be treated with respect and courtesy. We all have the right to work and learn in a supportive and caring environment where we feel safe and valued and are able to perform work tasks without disruption. All members of the school community are expected to conduct themselves in a lawful, ethical, safe and responsible manner that recognises and respects the rights of others.

Through this vision we ensure racism is identified, confronted and not tolerated and any instances of racism are addressed appropriately, and we support students who are unable to live at home, international students, and lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) students.

The School works collaboratively with students and parents/ carers to establish fair and respectful behaviour policies and practices, based on the school's values, expected social competencies and positive peer relationships. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact on the learning environment of the self and others.

The universal (whole-school), targeted (group-specific) and individual engagement strategies used in our school are outlined in **Appendix 2**.

Torquay Coast Primary School is striving to:

- Continuously improve the Learning and Teaching throughout the school.
- Provide high quality Personalised Curriculum programs to develop the 'whole' child, promote self confidence and provide a conduit for student connectedness to school.
- Provide the best possible social, emotional and educational outcomes for each and every student.
- Increase the literacy and numeracy levels of each and every child.
- Form a strong connection with all students.
- Strategically build the capacity of all staff.
- Build the leadership capacity throughout the school.
- Form strong partnership with the school community.
- Form new partnerships with the wider community.
- Provide a high level of student welfare support and positive behaviours.

Enactment of school philosophy.

In all documents, in all practice by students and teachers, in work with the School Council and the community, in all teaching and learning programs, in all school initiatives, in all internal and external interactions, in all organisational structures and practices, the vision of the school will sit at the centre and there will be expectations about all work aligning with the school vision and mission. Regular evaluation processes will be in place to measure performance in all areas of the school with respect to the implementation of the vision and values of the school. Torquay Coast PS will have a **commitment to zero tolerance of child abuse**. Our school's philosophy statement overviews organisational culture of which a new high priority is ensuring that everyone is fully informed and practices shared efficacy regarding child safety.

The process at our school can be represented as the vision, mission, values and beliefs at the centre. In an outer ring there will be a set of principles. As a further outer ring will be a set of practices. A detailed list of school policies will sit within this framework.

In all work in the school, the question "Is this work or process in line with the school vision, mission, values and beliefs?" This question will be a fundamental part of the practice of all leaders in the school.

Evaluation:

This policy will be reviewed as part of the school's three year review cycle.

Last review by school Council Term 4 2023.

Next review date Term 4 2026

Consequences of Misconduct

- Stage 1 A reminder and explanation is given to the child that the behaviour is unacceptable. Following the School Wide Positive Behaviour Model, the correct behaviour is explicitly discussed and modelled (reference to the SWPB Teaching Matrix) with the student.
- Stage 2 If the behaviour continues, a verbal warning is given to the student and may be recorded on Student Central in each classroom. Following the School Wide Positive Behaviour Model, the student is directed to the Teaching Matrix to discuss the behaviours that we expect at TCPS.
- Stage 3 Time Out – students will be given 'time out' from the playground and will spend the time in another learning neighbourhood or appropriate setting.
Parents may be notified.
- Stage 4 Report of Misconduct
After the Principal has been informed of serious behaviour breaches a COMPASS Chronicle will be added to inform parents of the student's breach of the Code of Conduct
- Stage 5 Discipline Meeting for Student Support
A meeting is held to discuss the student's behaviour and strategies that will assist the child.
Recommendations may be made for the student to be referred to appropriate student services.
- Stage 6 Withdrawal or Detention
Students may be withdrawn from major events such as camps or excursions due to inappropriate behaviour or a 30 minute after school Detention may be imposed. Parents will be informed as per DET guidelines.
- Stage 7 Exclusion – Suspension and Expulsion
Processes involved in suspension and expulsions are serious disciplinary measures and will follow DET guidelines in consultation between students, parents, Principal and staff members concerned.

Suspension and expulsion may only be used in situations consistent with Department policy (which reflects the requirements of Ministerial Order 1125).

Restrictive interventions are measures of last resort and may only be used in situations consistent with Department policy, with a link to the Department's [Restraint and Seclusion Policy](#) on PAL.

Corporal punishment is prohibited and will not be used in any circumstance.

STATEMENT OF RIGHTS AND RESPONSIBILITIES
